

## Performance metal solutions for oil & gas applications

T.I. Oil & Gas specializes in titanium and super alloys offering high strength and corrosion resistance materials necessary for the most challenging oil and gas environments. Our strategically placed global locations allow us to service this market from a local source, using the local language.

Providing creative, dependable solutions to customers every day.

## Continuous expansion of our performance metals offering

We are ready to add alloys and products to meet evolving customer needs.

### Nickel Alloys

- Ni 718
- Ni 718 Nace / API
- Ni 625
- Ni 625+
- MP35N

### Specialty Steels

- 13-8 Mo
- 15-5 PH
- ATI S-240

### Titanium Alloys

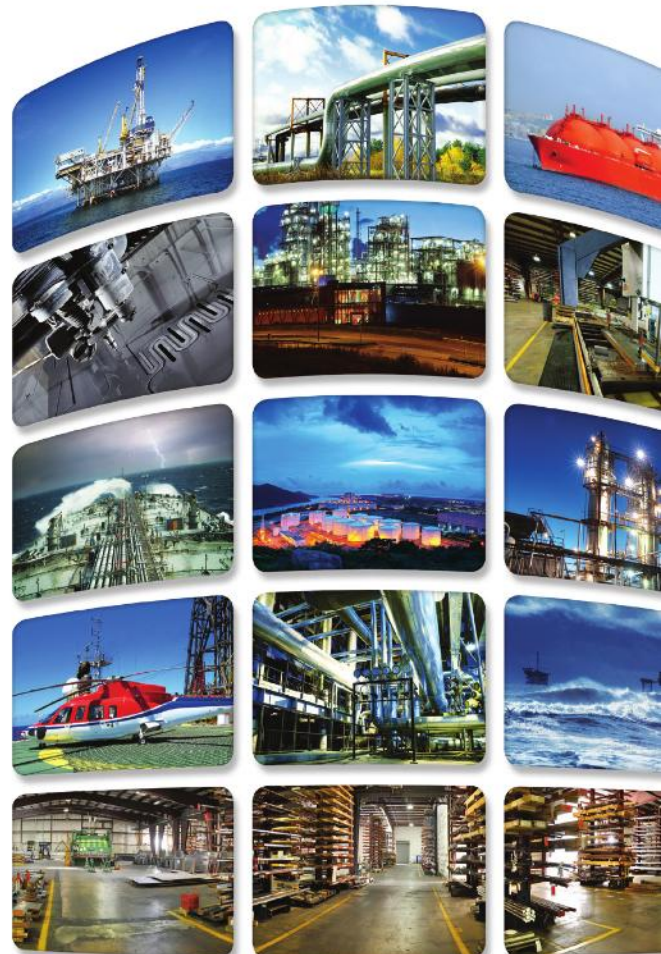

- CP Grade 1, 2, 3, & 4
- Ti 6Al-4V
- Ti 6Al-4V Eli
- Ti 6Al-2Sn-4Zr-6Mo
- Ti 6I-6V-2Sn

### T.I. has achieved ISO 9001: 2008 Certification

Our inventory is multi-specification certified across industry standards and customer requirements, such as ASTM, AMS, API and NACE standards.

### We offer materials management and first stage processing capabilities including:

- Global Logistics Management
- Custom Pricing Strategies
- Demand Aggregation
- Single Source Supply
- Scrap Reclamation
- Cutting (Saw, Waterjet, Torch, Laser)
- Cut-to-Size Material Optimization
- Trepanning Machining
- Materials Testing Certification
- Shearing
- Contract Fabrication
- Welding/Welding Instruction

## Locations

Strategically placed to best serve the global market.

Call your local representative for an immediate quote.

### Corporate HQ

NJ - Rockaway (+1) (973) 983-1185

### North America

CA - Santa Fe Springs (+1) (562) 906-8188

CT - Tolland (+1) (860) 870-3939

FL - Jacksonville (+1) (904) 288-8300

IL - Aurora (+1) (630) 499-9140

OH - Cleveland (+1) (216) 661-4610

TX - Hillsboro (+1) (254) 580-2849

WA - Seattle (+1) (206) 271-6555

Canada - Montreal (+1) (514) 334-6727

### South America

Brazil - Sao Paulo (+55) 11 2814 7509

### Europe
