

T.I. Interconnect Alloys

T.I. is the **global leader** in interconnect alloy solutions for the aerospace, medical, industrial and oil & gas markets. Holding the world's most complete inventory of interconnect alloys across a global service center network, T.I. is perfectly positioned to customize a supply solution for your company.

Popular Interconnect Alloys

Most Specifications available. Full alloy listing and technical cross reference upon request.

Stainless Steel Alloys

303	347	17-4 PH
304/304L	A-286	410
316/316L	13-8 PH	416
321	15-5 PH	440 C

Aluminium Alloys

1100	5052	6082
2014	6061	6262
2017	6062	7050
2024	6063	7075

Nickel Alloys

625
718
WASPALLOY®

Titanium Alloys

Ti CP1 Grade 4	6Al-4V ELI
Ti CP2 Grade 3	6Al-4V
Ti CP3 Grade 2	GR-4
Ti CP4 Grade 1	GR-2

Our Bar Stock is optimized for the production of:

- Circular Mil-Aero Connectors
- High Power Connectors
- Fiber Optic Connectors
- Brush Rack & Panel Connectors
- EMP Filter Connectors
- General use housings, shells, interconnect support
