

The background of the entire image is a dark, monochromatic collage of various firearm components, including magazine wells, trigger guards, and slide rails, all rendered in shades of blue and black. The logo for Titanium Industries is prominently displayed in the upper half. It features a stylized 'Ti' symbol on the left, followed by the word 'TITANIUM' in a large, bold, sans-serif font, and 'INDUSTRIES' in a smaller, spaced-out, sans-serif font below it. A small 'TM' trademark symbol is located at the end of the word 'INDUSTRIES'.
